Teen Sex

By the Book

Dr Patricia Weerakoon

As a teenager, sex surrounds you: it's not something you need to go looking for. Perhaps you think you know it all ... or maybe that's just the impression you give your friends.

This book answers your questions about teenage sexuality and relationships. Renowned sex therapist and educator, Dr Patricia Weerakoon, explores the topics of sexual desire and arousal, falling in love, and dating—things like, 'How far is too far?' You'll also cover topics like cybersex, pornography and homosexuality, and the effects these can have on our sex lives. The discussion is frank and, in parts, explicit.

You may find it a little uncomfortable, but it's stuff that will inform and challenge you. Ultimately, it calls you to consider who you are and what you stand for. Discover how living God's countercultural lifestyle leads to healthy, pleasurable sex and intimate, satisfying relationships that last a lifetime.

Rated 'M'. Recommended for 15 and over. Adult themes. Sexual references.
